Please Initial Next to Each Rule & Tap Box to Generate Initial

Always keep your finger off the trigger until ready to shoot. Your trigger finger must remain outside the trigger guard alongside the guard or receiver until ready to shoot. Keep all fingers away from the trigger when otherwise handling the firearm.

JP Always keep the firearm unloaded until ready for use. Keeping the firearm unloaded until ready to use greatly enhances safety. "Ready to use" means that the firearm should be loaded only at the firing line and only when authorized to load.

JP The range is limited to rifles, handguns, shotguns (slugs only), and air pistols (pellet only), pistol calibers through 500 S&W and rifles through 308 Win. Use of all other calibers is restricted. Initial The lobby area is not to be used for handling personal firearms. This includes loading and unloading magazines or cylinders.

JP Use of reloads is limited to manufacturer's specification and no experimental ammunition is allowed. Bullets Permissible: All jacketed, semi-jacketed, and no-jacketed rounds. Bullets Prohibited: Armor piercing, incendiary, and steel core.

JP Shooters should fire at their target only, no cross-lane shooting! Uncontrolled shooting resulting in damage to equipment is strictly prohibited. Violators will have range privileges revoked and will be held liable for damages.

JP Only point firearms downrange.

JP Always keep the firearm pointed in a safe direction.

JP Firearms are to be loaded or unloaded ONLY in a shooting stall on the range with the firearm facing down range at all times.

JP No one is allowed on the range under the influence of alcohol or any other controlled substance. Cell phone usage, including texting, is strictly prohibited on the range.

JP The Range Safety Officer's (RSO) commands must be obeyed at all times. Upon the command "CEASE FIRE," stop all shooting immediately and follow the RSO's instructions. Shooters may not re-enter the booth or pick up their firearm until an "ALL CLEAR" signal is given.

JP The lobby area is not to be used for handling personal firearms. This includes loading and unloading magazines or cylinders.

JP Shooters must know and understand all the operating and safety features of the firearms they are using.

Persons under the age of 21, but at least 12 years old, must be accompanied by a parent or guardian and supervised at all times. Active military personnel with military identification do not need to meet

this age requirement.

Two shooters allowed per lane.
